A SHIPPER'S RESOURCE

Retail, Consumer Goods and E-Commerce Import Readiness Checklist

12 things to confirm before you book your next shipment, so the permits, customs treatment and delivery plan are settled early.

Why Late Compliance Costs You in Retail

For retail, consumer goods and e-commerce cargo, the cost is rarely the freight. It is a permit, classification or handling requirement discovered after the goods have already shipped. Typical cargo includes apparel, appliances, electronics, beauty products, household goods, toys, accessories and retail inventory. Mills Permits, Mills Customs and Mills Logistics work together to settle these points before you book.

Use this list before you book. Any box you cannot tick is the item to resolve first.

The Readiness Checklist

- ☐ **1. The product mix is listed**
  List each product by category, since a mixed shipment can face several different rules.
- ☐ **2. FDA coverage is checked**
  For cosmetics, health and personal care products, confirm whether FDA registration or licensing applies.
- ☐ **3. Product standards are checked**
  Confirm whether DTI-BPS certification applies to products such as appliances and toys.
- ☐ **4. Wireless product rules are checked**
  For items with wireless features, confirm whether an NTC permit applies.
- ☐ **5. Optical media rules are checked**
  For media or storage products, confirm whether OMB requirements apply.
- ☐ **6. Labeling meets consumer-product rules**
  Check that labels carry the information required for sale in the Philippines.
- ☐ **7. Intellectual property is cleared**
  Confirm that brands and designs are authorized for import and sale, to avoid seizure.
- ☐ **8. Valuation is supported**
  Collect invoices and payment records that support the declared value of each product.
- ☐ **9. Classification is agreed**
  Agree on tariff classification for each product, and keep descriptions consistent across documents.

The Readiness Checklist (continued)

- ☐ **10. Mixed-container planning is done**
  Plan how different products share containers, including any that need separate handling or papers.

- ☐ **11. Warehouse and fulfillment are arranged**
  Confirm storage, picking and delivery to stores or e-commerce customers, including peak periods.

- ☐ **12. Returns handling is planned**
  Plan how returned or defective goods are received, inspected and re-exported or disposed of.

Moving retail cargo? Let us check it before it ships.

Book a short call and we will review your product, permits and delivery plan before it moves.
