A SHIPPER'S RESOURCE

# Priority Clearance Readiness Checklist

12 things to confirm before you book your next shipment, so nothing slips at the border.

# Why Slow Clearance Costs You

When cargo is urgent, a single missing document or approval turns hours into days. Mills Time-Critical prepares the clearance before the cargo lands, working with Mills Customs and Mills Logistics so urgent shipments move without waiting in line.

*Work through each point before you book. If you cannot tick a box, that is the item to resolve first.*

## The Readiness Checklist

- ☐ **1. The urgency is defined**
  State the deadline and the cost of delay, so everyone knows how much priority the shipment needs.

- ☐ **2. The cargo type is identified**
  Say whether the shipment is an aircraft-on-ground part, vessel spares, a production-critical part or medical or infrastructure cargo.

- ☐ **3. Permits are identified before departure**
  Confirm any permit or approval the cargo needs, and request it before the cargo leaves origin.

- ☐ **4. Documents are complete at origin**
  Check that the invoice, packing list and transport document are complete and consistent before the cargo is released.

- ☐ **5. Pre-arrival document review is done**
  Have your broker review the full set ahead of arrival, so errors are fixed before the cargo lands.

- ☐ **6. Priority clearance is coordinated**
  Agree that your broker is on standby for the arrival, with the authority needed to lodge and follow up quickly.

- ☐ **7. Duties and funds are ready**
  Confirm that payment for duties and taxes can be made immediately on arrival, with no approval delays.

- ☐ **8. Flight or vessel details are shared in real time**
  Send the broker flight or vessel updates as they change, so clearance timing follows the actual arrival.

- ☐ **9. Expedited transport is arranged**
  Book pickup at the airport or port in advance, with a vehicle that suits the cargo.

## The Readiness Checklist (continued)

- [ ] **10. The receiving site is ready**
  Confirm that a contact is available to receive the cargo, including outside normal hours if needed.

- [ ] **11. An escalation path is agreed**
  Name who to call, in order, if the cargo is held or an agency asks for more information.

- [ ] **12. Status reporting is set**
  Agree how and how often you will receive updates, and keep a record of times for later review.

### Not sure every box is ticked? Let Mills Time-Critical review it with you.

Book a short call and we will walk through your next shipment and flag anything to resolve before it moves.
